

TENTERDEN BUILDING & RESTORATION  
NEW BUILD

# WORKING IN PARTNERSHIP WITH YOU TO CREATE YOUR DREAM HOME

Fresh approach: This new-build in Faversham shows that you don't have to sacrifice character when starting from scratch.

We can build a house from your plans with a minimum of fuss and aggravation.

At TB&R we take the hassle out of the building project and ensure you get the result you want by guiding you all the way

through the planning process to handing over the keys of the finished building.

We use trusted partners, craftsmen and specialists from our extensive network of contacts in the business. Some people don't even know they own a potential building plot, so we offer no-nonsense advice on the feasibility of achieving planning permission before you incur unnecessary expense.

Our policy is to always warn people of any possible extra costs before they occur - we make sure there are no nasty surprises when you receive our final invoice, it's just not the

way we like to do business. We want to build long-term relationships with our clients and never do anything to jeopardise that.
